## CHAPTER 1 – GENERAL INFORMATION

**1-1. Policy.** CAP members are authorized to wear CAP distinctive uniforms as well as uniforms similar to the U.S. Air Force. Civil Air Patrol uses distinctive emblems, insignia, and badges to identify individuals wearing the AF-style uniforms as CAP members. Wear of the AF-style uniforms, as well as the insignia, badges, and devices worn on these uniforms are as prescribed by the Commander, CAP-USAF, with the approval of Headquarters USAF. See Tables 1-1 through 1-3 for information on wearing the uniform, dress and appearance, where to purchase uniform items, and grooming standards. Civil Air Patrol prescribes wear policy and the use of CAP emblems, insignia, and badges on the CAP distinctive uniforms. Table 1-3 describes items that may be authorized by wing/region commanders. **COMPLIANCE WITH THIS PUBLICATION IS MANDATORY.** Any variation from this publication is not authorized. Items not listed in this publication are not authorized for wear. **NOTE:** CAPMart may sell items that are not authorized for wear with the USAF-style or CAP distinctive uniforms. This publication is the sole source for wear instructions and authorized items for various uniform combinations as prescribed within.

**1-2. Command Responsibility.** All commanders will ensure that all members, individually and collectively, present a professional, well-groomed appearance, which will reflect credit upon CAP as the auxiliary of the United States Air Force. They will ensure all members are uniformed in accordance with the provisions of this manual, uniform violations are promptly corrected, and that members are continually informed as to the proper wear of the uniform. The wing commander, or the commander to whom such authority is delegated by the wing commander, will prescribe the type clothing to be worn by members while flying or engaging in organized recreational activities. (The region commander will prescribe wear policy for members of the region headquarters.)

### 1-3. Definition of Terms:

**a. Officer:** As used in this publication, includes senior member grades flight officer through major general and cadet grades second lieutenant through colonel.

**b. Airman:** Unless otherwise specified, includes all other uniformed members both senior and cadet.

**c. Service Uniform:** The AF-style blue uniforms worn for normal duty. It excludes BDU clothing, mess dress uniforms, flight suits, CAP distinctive uniforms, sports clothing, and recreational clothing.

**d. CAP Distinctive:** The uniform combinations (for example, blazer and slacks/skirt, field or utility uniform, blue flight suit) or badges, devices, etc., which are distinctive to CAP.

**1-4. How to Recommend Changes to the Uniform.** New or changed uniform items may not be authorized without approval of the National Commander/National Board and/or National Headquarters (except as specified in Table 1-3 of this manual). Unit commanders will forward recommended changes to the uniform, accessories, or related items through channels to National Headquarters/LMM for evaluation. Suggestions not recommended for adoption by the wing or region commander should not be forwarded to National Headquarters.

<b>Table 1-1. Wearing the CAP Uniform</b>			
<b>Members:</b>			
<b>Wear</b>	<b>Do Not Wear</b>	<b>Optional</b>	<b>When Conducting CAP Business</b>
X			participating in or conducting the cadet program
X			flying in CAP aircraft (corporate and member-owned aircraft used in CAP flight activity). The service uniform, BDU, utility uniform, field uniform, CAP or AF-style flight suit, CAP blazer, aviator shirt, or knit shirt uniform combinations are all authorized. The wing commander, or designee, will prescribe the type clothing to be worn by members while flying or engaging in organized recreational activities. The region commander will prescribe wear policy for members of the region headquarters.
X			senior members and cadets age 18 and older must meet CAP weight standards to wear AF-style uniforms. See Attachment 1.
	X		any AF-style uniform if the senior member does not meet grooming (see Attachment 2) or weight standards.
X			senior members not meeting weight and grooming standards may wear CAP distinctive uniforms or civilian attire as befits the occasion.
X			when engaged in normal duties as a CAP member or attending local, wing/region, or national CAP functions (see note 1).
X			may wear service dress uniform or light blue, short or long sleeve shirt/blouse with tie/tab and the all-weather coat, overcoat, and raincoat when traveling by commercial means (other than to and from local CAP activities) (see note 2).
X			although any CAP uniform may be worn, aviator shirt, blazer combination, or appropriate civilian attire is encouraged to be worn on military aircraft (except orientation flights or IACE). <b>EXCEPTION:</b> BDUs and flight suits will not be worn. This will enable members to arrive for activity participation with the proper uniform ready to wear.
X			visiting military installations. Members will make every effort to comply with local installation uniform policy. If policy is not known, the CAP-USAF state director or the installation's public affairs office may be contacted for guidance.
	X		more than 1 hour following the close of the activity except for travel time to and from such activities, for which the uniform is specified (seminars, conferences, NEC, or NB meetings).
		X	when attending social activities or dinners on military installations, the wear of a CAP uniform is not restricted.

<b>Table 1-1. Wearing the Uniform</b>			
<b>Members:</b>			
<b>Wear</b>	<b>Do Not Wear</b>	<b>Optional</b>	<b>When Conducting CAP Business</b>
	X		at any meeting or demonstration that is a function of, or sponsored by, any organization, association, movement, group or combination of persons that the Attorney General of the United States has designated as Totalitarian, Fascist, Communist, or subversive; or advocates or approves the commission of acts of force or violence to deny others their rights under the Constitution of the United States; or seeks to alter the form of the United States Government by unconstitutional means.
	X		when participating in activities such as public speeches, interviews, picket lines, marches, rallies, or in any public demonstration not approved by the Air Force. Wearing the uniform may imply sanction of the cause for which the demonstration or activity is conducted.
	X		when furthering private employment or commercial interests, if official sponsorship might be inferred.
	X		when engaged in private employment.
	X		under any circumstance that would tend to bring discredit or reproach upon the uniform.
X			all CAP personnel touring Washington DC, as part of a CAP activity or conducting CAP business in the metropolitan area, will wear the service uniform, civilian clothing, or the blazer and slacks or skirt combination, and will be properly groomed. Senior members visiting the White House, Capitol, State Department, or comparable buildings in uniform will wear the service uniform with service coat (service dress uniform) or blazer uniform. Cadets are not required to wear the service coat. In no case will BDUs, flight suits, or utility uniforms be worn.
	X		most foreign governments prohibit the wear of military uniforms by visitors. Members will not wear a CAP uniform in a foreign country except for members on orders to participate in the International Air Cadet Exchange or other international events for which National Headquarters has expressly authorized the wearing of the uniform. Members of CAP cadet squadrons overseas wear the CAP uniform on the host military installation only upon approval of the installation commander in accordance with CAPR 35-4, <i>Overseas Cadet Squadrons</i> .

**NOTES:**

1. The National Commander and other commanders may specify the wear of a particular uniform type for the purpose of achieving a uniform appearance at squadron, group, wing, region, and national functions. However, all commanders must be mindful of the objective of attaining a neatly uniformed appearance at a minimum of personal expense to the individual member and will consequently refrain from imposing unreasonable uniform requirements.
2. Unit commanders can make exceptions for travel in small commuter aircraft that involve short flights in areas of the country where civilians wear informal clothing because of weather or cramped conditions on the commuter aircraft.

**1-5. Uniform Combinations.** Various combinations of CAP uniforms are authorized in order to allow for various climatic conditions, availability of uniforms, etc., but no member is obligated to equip himself/herself with all or even a major part of the combinations described in this publication. Members will equip themselves with the basic uniform. The minimum basic uniforms for male and female cadets and senior members, which will satisfy most occasions, are listed below. Members may obtain and wear the additional uniform items authorized in this publication on an optional basis. Uniform clothing may be altered to improve fit. However, alterations must not change the intended appearance of garment as designed. It is the member's personal responsibility to equip himself/herself with a proper uniform. Commanders may assist if they have the capability, through use of unit funds and/or donations or by acquiring surplus uniforms. Cadets are required to have the minimum basic uniform. A commander may require cadets to wear other optional uniform items only if the purchase is voluntary or if the uniform is supplied without expense to the cadet. The omission of a specific item or appearance standard does not automatically permit its wear.

**a. Minimum Basic Service Uniform.** Male: Short-sleeve, light blue shirt; dark blue trousers; blue belt/silver buckle, blue flight cap; black shoes, and socks. Insignia: CAP nameplate, shoulder patch, collar/lapel insignia, embroidered epaulet sleeve, and flight cap emblem. Female: Short-sleeve light blue blouse; Dark blue skirt or slacks; flight cap; neutral nylon hose; black shoes; black handbag. Insignia: CAP nameplate, shoulder patch, collar/lapel insignia, embroidered epaulet sleeve, and flight cap emblem.

**b. CAP Distinctive Basic Uniform** (senior members only). Male: Short-sleeve, white aviator shirt; gray trousers; black belt; black shoes and socks. Insignia: CAP nameplate, embroidered epaulet sleeve. Female: Short-sleeve, white aviator shirt; gray slacks or skirt; plain black shoes. Insignia: CAP nameplate, embroidered epaulet sleeve.

**1-6. Dress and Appearance.** All members of CAP must be well groomed and assure that their appearance at all times reflects credit upon themselves, CAP, and the Air Force. See Table 2-5 for further clarification. When uniforms are worn, they must be clean, neat and correct in design and specification, properly fitted, and in good condition. Uniforms will be kept zippered, snapped, or buttoned and shoes will be shined and in good repair. Metallic insignia, badges and other devices, including the blue service uniform buttons, must also be maintained in the proper luster and condition.

**a. Appearance of Men in Uniform.** Articles such as wallets, pencils, pens, watch chains, fobs, pins, jewelry, handkerchiefs, combs, cigars, cigarettes, pipes, and sunglass cases will not be exposed on the uniform. The wear of wristwatches and rings is permitted. The wear of identification bracelets is likewise permitted provided they present a neat and conservative appearance. Conservative sunglasses may be worn, except in military formation. Ribbons, when worn, will be clean and not frayed. Wear of earrings, ornamentation on eyeglass lenses, or visible ornaments around the neck are prohibited while in uniform.

**b. Appearance of Women in Uniform.** Uniform skirt lengths will be in keeping with the dictates of fashion and good taste, but with due regard to the dignity of the uniform. In any case, skirt lengths will be no higher than above the top of the kneecap or lower than the bottom of the kneecap. Skirts will hang freely and under no circumstances will they be excessively tight. Pencils, pens, pins, handkerchiefs, and jewelry will not be worn or carried exposed on the uniform. One small spherical (ball), conservative, diamond, gold, white pearl, or silver pierced or clip earring per earlobe may be worn. The earring worn in each earlobe must match. Earring should fit tightly without extending below the earlobe. (EXCEPTION: Connecting band on clip earrings.) Other visible ornaments around the neck or

on the head, ornamentation on eyeglass lenses, and ankle bracelets are prohibited. Wristwatches, identification bracelets, and a maximum of three conservative rings are permitted. Conservative sunglasses may be worn, except in military formation. Appropriate undergarments will be worn to present a conservative, feminine appearance.

**1-7. Wear of Religious Apparel.** Members may wear certain visible items of religious apparel while in uniform. Religious apparel is defined as articles of clothing or dress that are part of the doctrine or traditional observance of the religious faith practiced by the member. Hair and grooming practices are not included in the meaning of religious apparel. Jewelry of a religious nature must conform to standards set forth in this regulation for wear of non-religious jewelry. Religious head coverings are authorized only when military headgear is not authorized. Head coverings must be plain dark blue or black without adornment. Also, they may be worn underneath military headgear if they do not interfere with the proper fit or appearance of the headgear. For example, Jewish yarmulkes meet this requirement if they do not exceed 6 inches in diameter.

**1-8. Where to Purchase Uniform Items.**

**a. CAPMart.** Distinctive CAP insignia and devices such as the CAP nameplate, CAP aeronautical and specialty badges, and other items prescribed herein may be purchased from CAPMart or from approved commercial sources. A list of available articles from CAPMart, together with prices and ordering instructions, is contained in the current *CAPMart Catalog* and on-line at [www.capmart.org](http://www.capmart.org).

**b. Army and Air Force Exchange Service (AAFES) and Air Force Military Clothing Sales Stores (AFMCSS).** These should be the primary sources of uniform clothing for CAP members. To be eligible to purchase from a clothing sales store, a member must present a current CAP membership card. Purchases will be for cash or credit card only.

**c. AAFES AFMCSS Mail-Order Outlets.** In the event a clothing sales store is not convenient to the member, purchases may be made by mail order. Mail orders should be submitted on an individual basis using AAFES Form 4150-134, if available. A supply of mail order requisition forms, a current price list, and pertinent information concerning mail order sales are contained in the *Army and Air Force Exchange Service Military Clothing Mail Order Catalog*. Commanders of remotely located units not having access to an Air Force clothing store may request limited quantities of the catalog for use at unit level from Headquarters AAFES (PD-U), PO Box 660202, Dallas TX 75266-0202, indicating appropriate unit mailing address and number of catalogs needed. Catalogs will be distributed to units only, not to individuals. A letter request or improvised form may be used in lieu of AAFES Form 4150-134 reflecting the following information: Name, grade, social security number, and unit of purchaser with statement of duty status (CAP senior/cadet member); shipping address of purchaser; amount of payment enclosed; type of payment, that is, postal money order, cashiers check, etc.; and thirteen digit stock number and item description. The requisition must be accompanied by a money order, certified check, or cashiers check made payable to Wright Patterson AFB Exchange. Payment must be for the full amount of the requested purchase. The shipper will prepay shipping charges. Refunds will automatically be made for overpayments of one dollar or more. Mail orders should be addressed to: AAFES Military Clothing Sales Store, Wright-Patterson AFB Exchange, Wright-Patterson AFB OH 45433.

**d. AAFES Catalog.** CAP members may also order by phone, using a credit card, from the AAFES catalog; however, the member must first contact AAFES customer service and provide a copy of their CAP membership card in order to be entered into the AAFES system. Only uniform items may be ordered from the catalog. AAFES Customer Service can be reached by calling 1 800 527-2345.

**e. Commercial Sources.** When purchasing uniform clothing from commercial sources, the following should be kept in mind: All Air Force uniform garments, footwear, and accouterments that the Defense Personnel Support Center (DPSC) supplies to AAFES military clothing sales stores (MCSS) and conform to Air Force specifications; AAFES also may obtain for sale in MCSS a variety of required and optional uniform items from commercial vendors. These items are sold under normal AAFES merchandising procedures. All uniform items must display a USAF certification label. Members who buy uniform items from other than AAFES MCSSs should check the reliability of the seller and make sure each garment has an USAF certification label. Members must be careful about buying from commercial sources. The articles may have been rejected by government buyers, may not conform to specifications, or may be in the process of being phased out. Uniform items that do not meet Air Force specifications are not authorized for wear. Each uniform item must have this label sewn or stamped on permanently: "USAF CERTIFICATE NO \_\_\_\_\_. A sample of this item has been inspected and meets or exceeds the quality prescribed by AF Specification \_\_\_\_\_."

**f. Excess/Surplus Sources.** The Air Force makes certain excess/surplus supplies available to CAP, and in some cases this includes uniform clothing. Articles made available normally consist of odd sizes or discontinued items. Members should always check with the unit logistics officer to determine if surplus items are available prior to purchasing uniform items.

**g. Free Cadet Uniform Voucher Program.** Cadets should check with the unit commander or logistics officer to determine if Air Force appropriated funds are available for procurement of uniforms prior to purchasing uniform items. A free cadet uniform voucher (basic blue uniform only) is attached to the cadet membership application; however, due to limited funds every cadet may not receive one.

<b>Table 1-3. Additional Items That May Be Authorized by the Wing/Region Commander</b>		
<b>L I N E</b>	<b>Item</b>	<b>Information</b>
1	General	Wing/region commanders may authorize certain items to be worn for specific purposes within their respective wing/region or within specific units of their wing/region. Commanders will not use this authority to circumvent National policies. Examples of purposes of these items are to identify members of special CAP groups such as drill teams, bands, color guards, and members participating in emergency services' missions.
2	Where and When Worn	In all cases, these items will have no national significance or recognition as a part of the CAP uniform. They will not be worn at summer encampments or national events (cadet exchange, special activities, etc.), unless specifically authorized by National Headquarters. They may be worn only while performing the duty for which the use of the items was authorized. Wing/region approved items will be worn only within the boundaries of the authorizing commander.
3	Items That May Be Authorized	The wing/region commander has authority to approve the following items for wear within his/her wing: (a) Shoulder cords. Not more than one shoulder cord will be worn at one time, and it will be worn on the left shoulder (see Figure 5-2). ## CHAPTER 2 – USAF-STYLE UNIFORMS (SENIOR MEMBERS AND CADETS)

**2-1. General Information.** This chapter prescribes men's and women's service, dress, battle dress uniform, flight suit, sweaters, outer garments, caps, and appearance. Uniforms must be clean, neat and correct in design and specifications, fitted properly, pressed and in good condition (that is not frayed, worn out, torn, faded, patched, and so forth). Uniform items are to be kept zipped, snapped, or buttoned. Shoes are to be shined and in good repair. NOTE: All ribbons, badges, and devices worn by senior members must fall below the top notch of the collar on the service coat or the bottom tip of the collar of shirts/blouses worn as outer garments. See Figures 2-1 through 2-25 for examples of the proper wear of the various AF-style uniforms. See Tables 2-1 and 2-3 for Men's Service Dress, Dress, and BDU Uniforms. See Tables 2-2 and 2-3 for Women's Service Dress, Dress and BDU Uniforms. See Table 2-4 for Flight Suit. See Table 2-5 for Clothing and Accessory Standards.

**a.** Service uniforms include the service dress uniform, long-sleeve light blue blouse/shirt, and short-sleeve light blue blouse/shirt. These uniforms are authorized for year-round wear. Cadets may continue to wear obsolete uniform items for a 2-year period following the phase-out date except when participating in national activities where only currently authorized items will be worn. The old-style Air Force service uniform for cadets will not be covered by this phase out rule and will continue to be authorized indefinitely. When old and new items are worn, the coat and slacks/skirt/trousers will be of a matching material (same shade, weave, and weight). Blue uniform items except shirts/blouses should be dry cleaned unless label specifies differently.

**b.** Only senior member officers and NCOs are authorized the blue mess dress uniform for year-round wear. Only cadet members may wear the blue semiformal uniform.

**c.** The battle dress uniform (camouflage fatigue uniform) is worn when it is impractical or inappropriate to wear the service uniforms.

**d.** Flight Crew members wearing the green Air Force flight suit may make only essential stops en route to and from the duty performance site. If a stop is essential, members must meet the proper standards of neatness, cleanliness, and military image.

**e.** Sweaters, men's and women's outer garments, and headgear are also covered. Outer garments are items worn outdoors and removed in an office environment. Members should use good judgment in choosing appropriate garments for wear based on weather conditions and duties.

### **CHAPTER 3 – CIVIL AIR PATROL HONOR GUARD UNIFORM**

**3-1. General.** This chapter prescribes the standardized uniform worn by Civil Air Patrol honor guards. This uniform is approved for wear during honor guard duties and performances only. Only those items described in this chapter may be worn. Items such as blue ascots with BDU, boots with the service dress uniform, swords, “Smokie Bear” hats, etc., are not permitted. National Cadet Competition drill teams, color guards, or other CAP special teams will not wear this uniform. The honor guard uniform consists of the service dress uniform coat with epaulets and slacks/trousers, male service cap with cadet officer cap device, white ascot with Honor Guard patch, metallic silver shoulder cord, white pistol belt, white gloves, and a brown non-operating parade rifle with white leather sling. Helmets or helmet liners will not be used. Either the old or new style of service dress may be worn; however, all members of an honor guard should be in the same style, if possible. Bayonets, swords, or sabers will not be used under any circumstances. This uniform is authorized for year-round wear. The colors element flag bearers will wear white flag slings instead of white pistol belts. The guards will wear pistol belts. See Table 3-1 for specific uniform requirements.

**3-2. Wear Instructions and Grooming Standards.** Since this uniform is a specialized uniform worn in a specific way, wearing instructions and grooming standards are included in this chapter. Honor guard members may find it beneficial to have two service dress uniforms, one for everyday CAP wear and one for honor guard performances, and two pair of low quarter shoes, one pair with the Honor Guard taps and one without. See Table 3-2 for specific wear and grooming instructions.

**3-3. Use of Air Force Honor Guard Uniforms or Equipment.** The use of Air Force Honor Guard uniforms or equipment is prohibited. This includes base honor guards, The Air Force Honor Guard (based at Bolling AFB, DC), and USAF Honor Guard uniforms purchased or procured by any means.

**Service Dress Honor Guard Uniform**

<b>L I N E</b>	<b>Item</b>	<b>Description/Material</b>
1	Coat	Standard blue service uniform coat with or without epaulets will be worn. Either style may be worn; however, all members of the team should be the same, if possible. Coat and slacks/trousers will match in shade and material. All appropriate insignia will be worn.

3	White Pistol Belt and Buckle	A 2 1/16-inch white pistol belt with nickel-plated large buckle and keepers. All members except flag bearers will wear the belt.
4	Headgear	All members will wear male service cap with cadet officer cap device; in addition to the front chinstrap, a functional rear chinstrap with buckle will be worn. When performing, the rear chinstrap will be placed under the member's chin. This is a safety factor.
5	Gloves	White parade gloves will be worn when performing. Non-slip palm is recommended.
6	Shirt and Blouse	Blue short sleeve shirt or blouse (tuck-in style) without tie/tab may be worn when conditions are too hot for the wear of the service dress uniform coat. All appropriate insignia will be worn. Flag bearers will wear the blue service belt.

11	Shoulder Cord	Metallic silver shoulder cord with solid cord across the top and pinned underneath will be worn on top of the epaulet, if present, at the shoulder seam. Shoulder cord should be pinned at the top, front and back to keep cord in place during performances.

<b>Table 3-2. Civil Air Patrol Honor Guard Uniform Wear Instructions and Grooming Standards.</b>		
<b>L I N E</b>	<b>Item</b>	<b>Instructions</b>
1	Male Service Cap	<p>The male service cap is to be worn by all members of the Honor Guard. When the cap is not worn, it is to be carried under the left arm with crown (top) toward the arm and the visor to the front. When cap is to be placed on the head, place the thumb on one side of the cap above the visor, two fingers on the top above the insignia, and the remainder of the fingers on the other side above the visor. Do not touch the visor.</p> <p>Securing the black leather rear chin strap into the “up” position: (1) Unscrew the two chrome cap buttons holding the front chin strap in position; (2) Place the rear chin strap so that the strap buckle is to the right of center when viewed from the rear; (3) Screw the chrome cap buttons into place ensuring the wings are in the up position. During a performance, the rear chinstrap will be worn down under the chin.</p> <p>Whenever you wear the all-weather coat is worn for a ceremony, the blue rain cover must be worn over the service cap. Roll the rain cover underneath the back edges of the service cap to produce a snug fit and neat appearance. Rolling the rain cover should be done anytime you wear the service cap, regardless of performing in a ceremony or not.</p>
2	Service Dress Coat	<p>Iron the lapels of the coat down to ensure all buttons of the coat are displayed. When blousing (tucking) a service dress uniform coat, a minimum of two people should be used; the person being bloused (tucked) is the “blouse,” and the person blousing the member is the “blouser.” Adjust the web belt to fit very tightly around the waist. The web belt will rest between the second and third button of your uniform (new uniform) or third and fourth button (old uniform) parallel to the ground all around. The belt will initially feel tight but the discomfort will diminish over time. The “blousee” should hold the belt in the approximate position where the belt will be fastened with some slack being provided for the “blouser’s” hands. The “blouser” positions his/her hands along two side seams on the back of the coat. The “blouser” will pull the excess material from the front of the uniform and fold it underneath the two side seams with the edge of the fold toward the arms. When bloused, the entire uniform will appear neat, wrinkle-free, and without bunches. The “blousee” then fastens the belt in front and checks for comfort and appearance. The “blouser” re-checks the belt and places the two keepers two-finger widths from the nickel belt buckle on both sides of the buckle.</p>
3	Shirt	<p>When worn without the service dress coat, shirt is worn with all appropriate insignia. The pistol belt and shoulder cord is worn as with Service Dress coat. Shirt/blouse will be well ironed using sizing with sharp creases in both sleeves including the shoulder patch. Creases must be centered on the epaulet of the shirt/blouse. No other creases are authorized.</p>

<b>Table 3-2. Civil Air Patrol Honor Guard Uniform Wear Instructions and Grooming Standards.</b>		
<b>L I N E</b>	<b>Item</b>	<b>Instructions</b>
4	Shoulder Cord	The shoulder cord should fit snugly along the shoulder seam of the coat and pinned to the top of the epaulet, if present. <i>(TIP: Use two large safety pins to secure the shoulder cord from underneath the coat. One should be placed in the front of the coat near the opening of the armpit. The second, in the rear of the coat near the opening of the armpit.)</i>
5	Service Dress Slacks/Trousers	When sitting down in service dress slacks/trousers, be sure to roll the excess material located under the knees into a neat fold to prevent wrinkling. Female honor guard members will wear slacks. The trousers or slacks of the service dress uniform will not be bloused nor will leggings be worn.
6	Low Quarter Shoes	Leather low quarters are the shoe of choice, but high gloss or poromeric may be worn. The shoes will be clean and well shined. Use edge dressing on the soles and heels of the shoes. Tuck the bows on the shoestrings into the shoe. Horseshoe taps will be worn on the heel of the shoe. Small (approximately 2" x 1") rectangular metal plates (cheaters) will be worn centered on the inside heel edge. You may place rubber washers between the tap and the heel so that the tap protrudes about 1/2 inch as needed. Make sure the "cheaters" are rounded on all four sides so not to destroy the trousers. All members will wear black socks. White shoelaces will not be used.
7	White Pistol Belt	The white pistol belt, with nickel hardware and buckle, should be worn during the performance only. It is to be worn very tight (should be able to put only one finger between the belt and uniform) with the nickel keepers two fingers widths from the buckle on each side.
8	White Gloves	Worn with the top of the glove just above the wrist providing a neat appearance. It may become necessary to tape the gloves. If this becomes necessary, use only white first aid tape. Plastic-dotted non-slip palm white gloves are recommended. Do not add resin or any other substance to the glove, as this becomes a safety hazard by making the rifle very slippery. When not worn, fold with palm out, place under web belt so that top of gloves fold over the top of the belt. Gloves are to be removed from the hands after performance and placed under the belt.
9	Ascot	A white ascot with a center crease. The Honor Guard patch (creased) will be centered 1/2 inch from the bottom of the fold after folding the neckband over twice. The ascot will be pulled and pinned at the bottom through the center crease to the T-shirt with a safety pin. Also, pin the ascot on each side with additional safety pins. Secure the ascot behind the neck so you cannot place the little finger between the material and the back of the neck. Pin or tape with white tape, if necessary, to prevent the ends showing outside of the uniform coat. The use of shirt garters (attached to the ascot and the trousers/slacks) is permitted as long as they do not show or will not come undone during the performance.

11	Colors Element	Flag bearers wear flag slings instead of the white pistol belts. The flag sling shoulder straps will go under the epaulets. The trousers or slacks of the service dress uniform will not be bloused. Leggings, helmets, helmet liners, or white shoelaces will not be used.
12	Grooming Standards	All grooming standards will be met. The only jewelry accepted is small silver ball earrings (or none at all) for the females. Watches are not to be worn while in the honor guard uniform.

No military awards or decorations may be worn on the aviator shirt. NOTE: All ribbons and devices worn by senior members must fall below the top notch of the collar on the service coat or the bottom tip of the collar of AF-style shirts/blouses worn as outer garments. Miniature medals are mandatory with the mess dress uniform (men and women). One miniature medal may be worn on the semiformal blazer uniform.

**5-3. Order of Precedence.** The order of precedence for cadet ribbons is shown in Table 5-1. The order of precedence for senior member ribbons is shown in Table 5-2. The ribbon with the highest precedence will be placed nearest to the lapel on the top row; other ribbons will follow in the proper order of precedence from right to left. The numbers on the ribbons in Figure 5-1 show the order of arrangement.

**5-4. Military Service Awards.** Military service ribbons may be worn on the CAP AF-style uniform provided they were awarded in writing by competent military authority. Awards of the Air Force, Army, Navy, Marine Corps, or Coast Guard will be worn in the order prescribed by the awarding service, subject to the following: In all cases of relative priority, Air Force awards will take precedence. See Table 5-3. Awards for wars, campaigns, expeditions etc., will be worn in chronological sequence.

3	4 thru 9	No	Multiples of 3 or 4, centering any remaining ribbons on the top row.
4	7 thru 9	Yes	Multiples of 3 or 4 in two bottom rows, but to prevent coat lapel from covering ribbons, each row thereafter may contain less than three, with top row centered over the row immediately below.
5	10 or more	No	Multiples of 3 or 4, with any remaining ribbons centered over the row immediately below.
6	10 or more	Yes	Multiples of 3 or 4 in at least the two bottom rows; to prevent coat lapel from covering ribbons, each additional row may contain less than three or four, with top row centered over the row immediately below.

**NOTES:**

1. Ribbons will always be placed on wearer's left with bottom row resting on, but not over, top edge of left welt or pocket. When worn in rows of three, ribbons will be centered above the pocket between the left and right pocket edges. Only to prevent the service coat lapel from covering the ribbons, additional rows of ribbons containing less than three may be aligned with the left ribbon edge. The top row of ribbons will be centered over the row immediately below. When worn in rows of four, left edge of the ribbons may be aligned with the left edge of the welt or pocket or centered above the left welt or pocket. Only to prevent the service coat lapel from covering the ribbons, additional row of ribbons containing less than four may be aligned with the left welt or pocket edge with the top row of ribbons centered over the row immediately below. There will be no space between the rows of ribbons.
2. Wear a maximum of four devices on each ribbon. Place silver devices to the wearer's right of bronze devices. Replace the bronze device with a silver device after receipt of the fifth bronze device.
3. If all authorized devices do not fit on a single ribbon, wear a second ribbon. Wear a minimum of three devices on the first ribbon before wearing a second ribbon. When wearing the second ribbon, place after the initial ribbon. It counts for one award. When future awards reduce device to a single ribbon, remove the second ribbon.
